

## Traffic Blazer® URLs

From this page you can submit new URLs to search engines and edit and review your URL submissions. Traffic Blazer® offers five essential features to help give your Web site the best chances at search engine listing:

- site analysis
- site optimization
- automated submission
- submission status
- traffic essentials

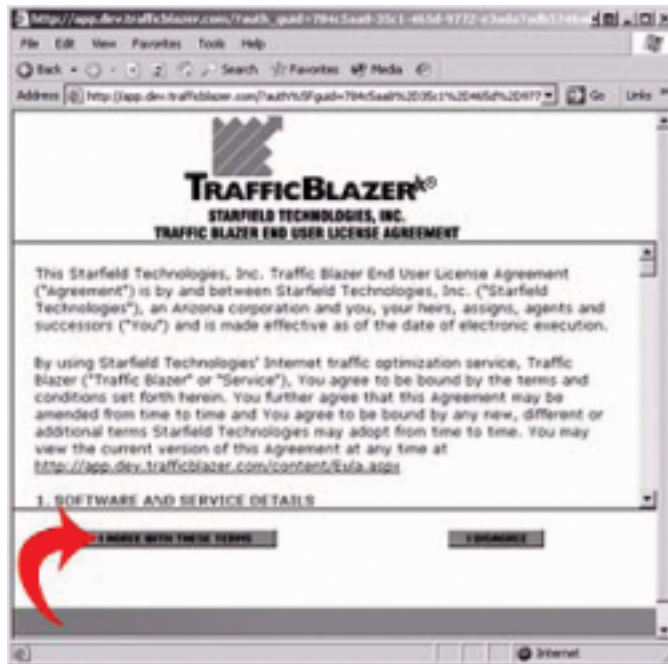

To begin using Traffic Blazer:

1. Click on Setup New Account.

The screenshot shows the Traffic Blazer web interface. At the top, there is a header with the Traffic Blazer logo and navigation links: "Home", "Setup New Account", "Manage Traffic Blazer™", "Accessing Traffic Blazer™", "Optimizing your Web site", "Setting up a new Traffic Blazer™ account", and "Purchasing additional Traffic Blazer™ credits". Below the header, there is a table with columns for "Domain Name-URL", "Date Submitted", and "Guaranteed Inclusions". The table contains one row with the URL "http://www.sampledomainname.com". A red arrow points to the "Setup New Account" link in the top right corner. The sidebar on the right contains several sections with text and links, including "Accessing Traffic Blazer™", "Optimizing your Web site", "Setting up a new Traffic Blazer™ account", and "Purchasing additional Traffic Blazer™ credits".

2. Read the Traffic Blazer end user License Agreement and click "I Agree With These Terms."

3. Follow the easy instructions in the Traffic Blazer interface to optimize your Web site and submit your URL to search engines.
